

PREGNANCY CLINIC'S WALK AND 5K RUN FOR LIFE

SOCIAL MEDIA POSTING IDEAS

Social Media (Facebook, Instagram, Twitter, etc.) is a great tool for fundraising - as is email and even text messages. Don't be afraid to post frequently. Remember how quickly your messages end up on the bottom with everyone sharing their own statuses. Make your posts regular, frequent, and PERSONAL. Always include your fundraising link!

Because your posts will (hopefully!) drive your friends and family to your [FundEasy](#) page, you should also update your [FundEasy](#) status on a regular basis, too. AND be ready to thank everyone who donates to you.

Here's a possible posting schedule and some example posts. But social media is all about being personal - so be personal in your posts. Use real examples of why you are walking and what drives you to support this ministry.
