

Walk And Run For Life

Social Media Posting Ideas

Social Media (Facebook, Instagram, Twitter, etc.) is a great tool for fundraising – as is email and even text messages. Don't be afraid to post frequently. Remember how quickly your messages end up on the bottom with everyone sharing their own statuses. Make your posts regular, frequent, and PERSONAL. Always include your fundraising link!

Because your posts will (hopefully!) drive your friends and family to your [FundEasy page](#), you should also update your [FundEasy](#) status on a regular basis, too. AND be ready to thank everyone who donates to you.

Below are some example posts you might use, but be sure to personalize your posts. Use real examples of why you are participating and what drives you to support this ministry.
